General Info

- **Welcome** to the 2025 Men's Club at Meadow Hills. *Meadow Hills Golf Course, located at the corner of East Hampden Avenue and Dawson Street in Aurora, has the look and feel of an old-style country club. Its signature tree-lined fairways, large lakes, small greens, and lush grounds, define traditional golf at its best.*
- **The** 2025 schedule includes 10 club tournaments from April to September. These tournaments feature a variety of team and individual formats including two and four-man scrambles, two and four-man best balls, match play (season-long), individual low gross and low net stroke play, and the two-day Club Championship. Back for the 22nd year is a two-day, two-man "6-6-6" tournament (see description below). The first day will be at Murphy Creek and the second day will be played at Meadow Hills.
- **Our** popular Monday Night League will begin on April 7th, with 24 dates, finishing September 22nd. As in the past, we will have low gross and low net skins games as well as various other side games.
- **The** membership fee for 2025 is \$300. Membership includes USGA Handicap and CGA membership, prize money for all tournaments and entry into the Hole-in-One pot. The Hole-in-One pot is \$5.00 x the number of 2025 members. Should any member make a Hole-in-One while playing in a weekend event or during Monday Night League play, they will win the entire pot. If more than one Hole-in-One is made during the year, the pot will be split equally. Payment will be made after the last Tournament date.
- **All** members will have an established handicap before they can compete in any tournament or Monday Night League event. If you had a handicap in 2024 at Meadow Hills or at any other golf course in the U.S., it would automatically transfer to the Meadow Hill's handicap system. If you do not have a handicap, you can establish one by entering a minimum of five 18-hole scores in the GHIN app. If you enter any tournament or Monday Night League event and you have not established a handicap, you must play at zero handicap. However, you must have an established handicap to play in the Match Play tournament.

Handicap and Rules

- **Maximum Handicap allowed is 36 for all events.**
- A Handicap and Rules committee has been established and will communicate all issues to the Board of Directors and/or members of the club.
- **The** Handicap Committee has the responsibility of making certain that a player's handicap reflects his "potential scoring ability"; in other words, a fair representation of his skills as a golfer. It's important to understand that none of us have a "right" to a handicap index.
- **The** Handicap Committee is obligated, under its USGA compliance responsibility, to manually adjust the handicap index of members where the current index does not accurately reflect their playing ability. Submitted scores are a guideline to help manage this responsibility.
- **The** Committee will reduce the handicap of a player who scores consistently better in competitions, including Monday Night League, than in informal play (section 5-2 & 8-2 USGA Handicap System). A player's handicap shall be reduced when competitive scores and other criteria support the judgment of the Men's Club Handicap Committee, that the individual's USGA index does not accurately reflect the individual's potential scoring ability. Where such discrepancies exist, the Men's Club Member will be requested to appear before the Handicap Committee before the adjustment will take place. The member will have the opportunity to explain their handicap index, their scores submitted, and appeal any disciplinary action.
- A USGA Handicap Index shall be adjusted up or down if the player does not turn in all acceptable scores or otherwise does not observe the spirit of the USGA Handicap System. The Handicap Committee shall determine the amount of adjustment.
- If a player fails to post an acceptable score as soon as practicable after completion of the round, the Handicap Committee should post the score and/or a penalty score and Ratings equal to the lowest handicap differential in the player's scoring record. However, if the score not returned is unusually high, the Handicap Committee should enter the score and/or a penalty score and Ratings equal to the highest differential in the player's scoring record.
- Handicap Committee is duly responsible to identify and notify those players who regularly violate these rules and is authorized and encouraged to withdraw the player's Handicap Index.

Pace of Play

- *The Pace of Play* committee (subcommittee of the Handicap and Rules committee) has been empowered by the Board of Directors and at the request of the entire membership, to ensure that all rounds of golf will be played within a reasonable time.
- The golf course at Meadow Hills has a time rating of 4 hours and 20 minutes. It is the goal of the committee to have all foursomes play every round in 4 hours and 20 minutes or less. USGA rules govern all tournament play and in respect to pace of play.
- Note 1: If the player unduly delays play between holes, he is delaying the play of the next hole.
- Note 2: For the purpose of preventing slow play, the *Committee* may, in the conditions of a competition, establish pace of play guidelines including maximum periods of time allowed to complete a *stipulated round*, a hole or a *stroke*.

Meadow Hills Men's Club Pace of Play Policy

- All members of any group that finishes the front nine holes in 2hrs and 11min or more and is 11 minutes or more behind the group directly in front of them, will be assessed a one stroke penalty. If the penalized group finishes the back nine 10 minutes or less behind the group in front of them or under 4 hours and 20 minutes, the penalty will be withdrawn. If the penalized group finishes eighteen holes of play in 4 hours and 21 minutes or more and is 11 minutes or more behind the group in front of them, all members will be assessed an additional one stroke penalty. *The first foursome off is expected to play the front nine in under 2 hours and the entire round in under 4 hours, thus setting a good pace of play for the day.*
- All members of any group that finishes eighteen holes of play in 4hrs and 21min or more and/or is 11 minutes or more behind the group directly in front of them, will be assessed a one stroke penalty.
- All scores are unofficial until subject to pace of play review. Any group penalized because of slow play for eighteen holes will have the right to have their penalty reviewed. Lost balls or balls in the water on either 17 or 18 will be a determining factor. However, penalties assessed after nine will not be reviewed for any reason but can be rescinded as previously stated. Groups falling behind after nine are expected to catch the group in front of them by the 18th hole.
- *The pace of play for all tournaments is always a concern. The Men's Club officers, tournament hosts and volunteers will make a concerted attempt to assist all members with awareness of their pace of play. Attention to and responsibility for your individual pace of play is critical so that golf and tournament participation is enjoyable for everyone. Nobody likes to feel rushed, however, waiting to play on every shot is equally unpleasant and frustrating. We encourage all players to be aware of their individual position on the golf course. You must keep up with the group in front of you. Be ready to play by thinking about your distance and club selection as you approach your ball. Play "ready golf". If another member of your group is away, but not ready to play, go ahead and play your shot. In medal play there is no penalty for playing out of turn.*

Have a Great
2025 Season!
